

ASIMOV WARS

//Robotics Battle

Eligibility: VIII-XII

Teams per School: ∞

Team Members: 1 to 5

RULES:

- This will be a bracket-style tournament of Robot Fighting, similar to that seen on the TV Show: "BattleBots".
- Students are free to develop their fighting robot with any material and machinery they desire.
- The weapons on the robot need to be Non-Lethal to Humans, and students must be careful of their safety whilst developing and fighting.

- The event will take place offline in the school premises on 7th November, 2022.
- Students need to bring all the equipment needed for their bot to fight; electrical extension cords will be provided on location if required.
- Students are advised to develop their bot with tools and weaponry that will give them an edge over their competitor.
