HackHeist

Teams per School: 1

Eligibility: 6-12

Participants: 2-5

Event Prompt:

The country of England is under great turmoil. Any moment the economy can crash and thus will follow the biggest Great Depression ever since 1929. You are Berlin, the best of the best of thieves on this planet. You have to prepare a plan for the heist with your team at Royal Bank of England, guarded by the greatest soldiers in United Kingdom and convince your brother El Professor to perform the perfect stage play. So, put on your heist hat and prepare for the biggest robbery ever staged!

Event Guidelines:

1. The plan has to be presented in the set of following deliverables:

A. Website: shows flow of execution of plan
B. Poster: illustrates the schematics of plans (can be more than 1)

2. The following are **allowed strictly** for each deliverable respectively:

A. Website:
I. Website must have a team members section/page and a flow of events page/section.
II. Only Google fonts are allowed.
III. No premade templates allowed.
IV. HTML, CSS and JavaScript (obligatory mention)
V. Standard libraries like Bootstrap, Tailwind are allowed. Design systems such as Ant Design are NOT allowed.
VI. Frontend frameworks can be used. There will be no brownie points for a backend system.
VII. Good coding practices are advised.

B. Poster:
I. All raw assets must be zipped in one file.
II. No templates allowed.

INTER WARTEX

III.   Adobe Photoshop, Illustrator are allowed and encouraged.
IV.   Don't flatten layers. Don't merge either.

Judgement Criteria:

5 Marks each

- Realistic plan
- Colour schemes
- Relevance to theme
- Consistency
- Design aesthetics

Note:

Submit entries latest by 31st Jan
